

INTRODUCING THE AWARD-WINNING**MERCIAN MIDLANDS LIMITED**

At regular intervals throughout the year, the *Birmingham Telegraph* select organisations that have best demonstrated a proven ability to go that extra mile in not only meeting but exceeding the needs of their clients. Therefore, in line with this philosophy, it gives us pleasure to announce **MERCIAN MIDLANDS LIMITED** has been selected to receive the **AWARD FOR SERVICES TO INDUSTRY FOR 2009**.

In selecting this year's winner the judges were particularly impressed with the wide range of services offered by the company including insurance fraud; commercial investigations; anti surveillance searches; background checks; missing persons; close protection; asset protection and polygraph testing plus many more.

On behalf of the company, which consists of mainly ex-servicemen, Stuart Richings commented on receiving this Award:

"The award is a nice surprise and totally unexpected. It will give our company a sense of recognition for the expertise we aim to give all of our clients in whatever environment we are asked to work in. We would like to give our thanks and gratitude to your publication."

"In today's recession no business can afford to have their profits swallowed up by theft committed by their staff. All members of our company are highly experienced professionals committed to providing a totally customer-focused service. In investing fraud cases we have been retained to work for a range of businesses, including Pubs, Shops, Market Stalls, where staff are suspected of pocketing cash. Where fraud is suspected, our operatives provide expert surveillance, gaining video or photographic evidence of the perpetrator for the client, who is then able to take the necessary legal action."

Having been singled out to receive the **AWARD FOR SERVICES TO INDUSTRY FOR 2009** serves as a distinguishing factor, that ranks **MERCIAN MIDLANDS LIMITED** amongst the best in its field, as well as acting as a seal of approval to prospective clients.

Our company offers investigation and close protection services to individuals and companies alike.
